

Dear IFMA St. Louis Members,

I'm honored to step into the role of Chapter President and want to thank you for the opportunity to serve. A special note of appreciation goes to Patrick Breaux, Past President, and our dedicated board for their leadership and hard work in getting us to where we are today.

This year, my focus is on strengthening our organization, increasing our professional memberships, increasing attendance at events, and creating more chances for members to connect and share knowledge. Facility management continues to evolve, and our chapter will remain a place where we can learn, grow, and support one another.

I encourage you to get involved—join us at events, volunteer on a committee, or simply share your ideas. Your engagement is what makes IFMA St. Louis strong.

I will close with our Chapter Mission Statement:

The St. Louis Chapter provides a progressive environment focusing on education, networking, and elevating the FM professional.

I look forward to an exciting year ahead and to working alongside all of you!

Sincerely,

Renee L. La Bruyere, Horner & Shifrin, Inc.

President, IFMA St. Louis Chapter
